Sir:

In reply to the April 15, 2004 Restriction Requirement, Applicants provisionally elect
Group I, claims 1-19 and 26-30, with traverse.

It is also respectfully submitted that the subject matter of all claims 1-30 is sufficiently
related that a thorough search for the subject matter of any one Group of claims would
encompass a search for the subject matter of the remaining claims. Thus, it is respectfully
submitted that the search and examination of the entire application could be made without
serious burden. See MPEP §803 in which it is stated that "if the search and examination of an
entire application can be made without serious burden, the examiner must examine it on the
merits, even though it includes claims to independent or distinct inventions" (emphasis added).
It is respectfully submitted that this policy should apply in the present application in order to
avoid unnecessary delay and expense to Applicants and duplicative examination by the Patent
Office.

Thus, withdrawal of the Restriction Requirement is respectfully requested.

Respectfully submitted,

Mario A. Costantino
